

# Phishing Awareness Game Manuel

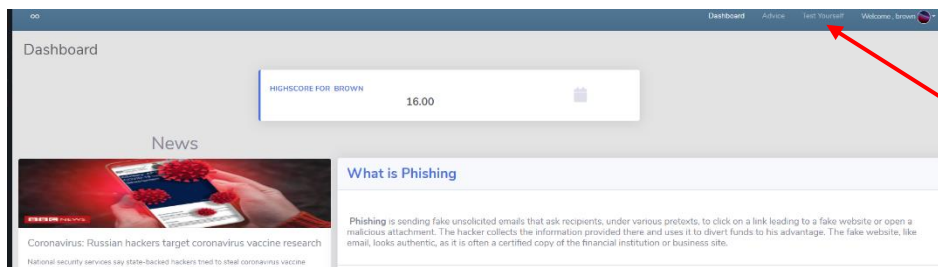

Shashank Ravikumar (CMP - Student)

Supervised by Dr Oliver Buckley

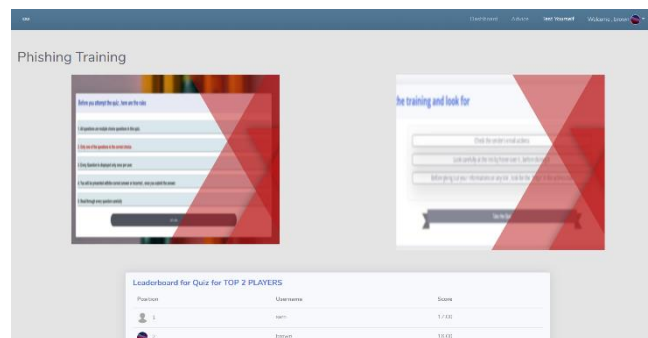

## Contents

Playing the Game .....	2
Changing Users' details in profile page.....	5
Forgot password rest from login.....	6
Mobile /desktop compatibility.....	7

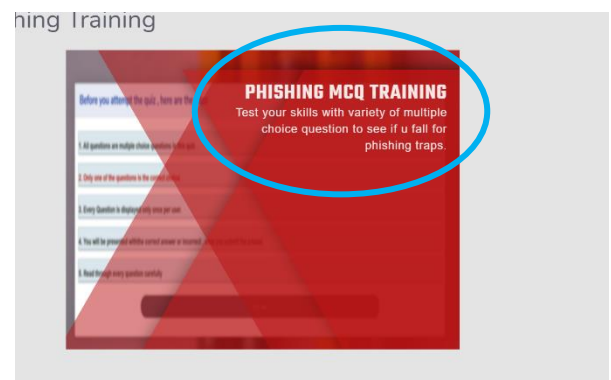

## Playing the Game

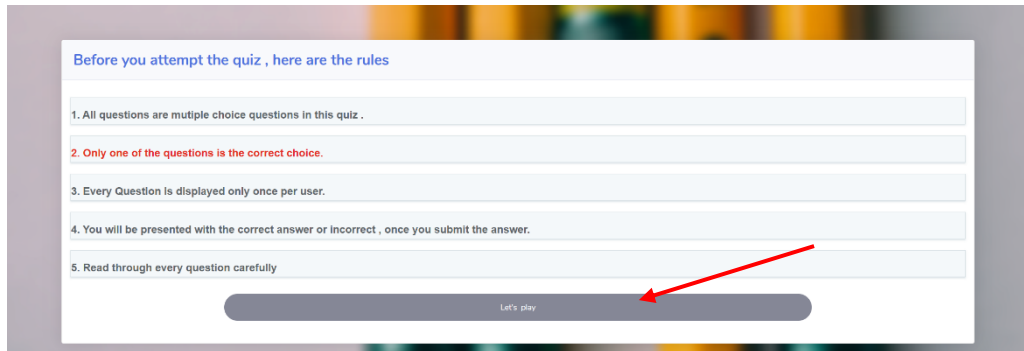

1. Once the user had logged in with the right credentials, you will be taken the dashboard from which you would be presented with the following page above.
2. Once the page has been loaded navigate to the 'Test Yourself' page where the main quizzes would be indicated by the red arrow.

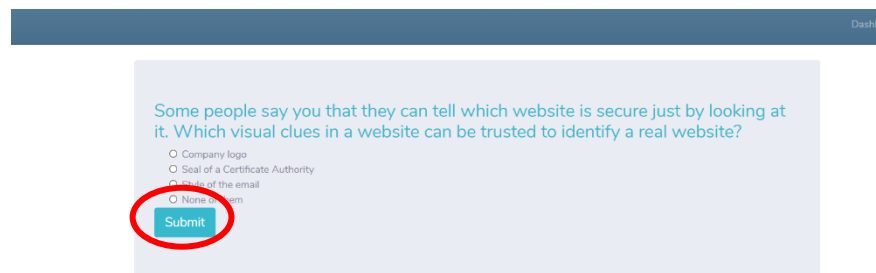

3. Once loaded in you will be presented with two options one brings the Multiple-choice quiz (MCQ) and the other one being a slideshow quiz. Hover over the options to display a brief description of the quiz shown below.

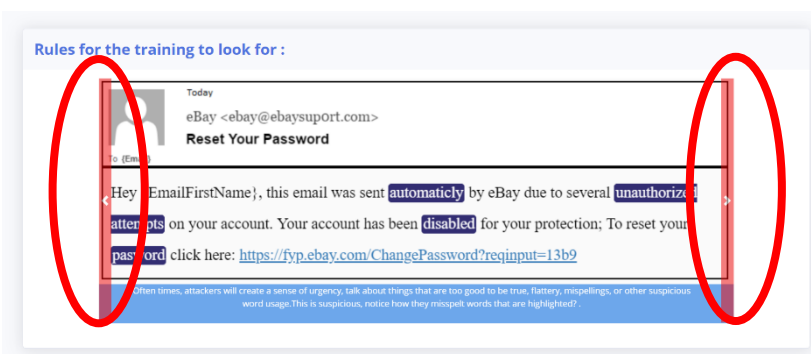

4. If MCQ has chosen you will be redirected to a rules page where a brief explanation of the quiz will be display, once you have read through the rules press on 'Let's Play' and will direct you to the MCQ

5. Once the button has been selected you would be taken to the main MCQ where each question is displayed on each page where the question will be in the blue text displayed as a heading and sections can be made by selecting one of the radio buttons. If u manage to return to the dashboard without clicking submit that would have counted as an attempt and no way of going back to redo the questions.

6. Similarly, to the MCQ you will be presented with rules at first but showing what things the user needs to look out to identify with phishing emails provided and move to the next set of rules by navigating with the arrows shown below to follow the instructions.

7. The slideshow quiz is slightly different as there are two options displayed and an image of the phished emails, you the user have the spot if the emails are phishing or not. Once the answer selected click on the submit button and will be taken to the next question if not will show what occurs in question 8. If the user is stuck on the question here is a hint question to help them with the answer.

IS this a Phishing email or not

Fax Message Notification [admin] <noreply@efax.com>  
Hi there,

You have received a 1 page fax at 7/24/20, 4:57 PM

Submit

8. If there are no new questions next a message will be displayed saying there are no new questions left, if this appears press on the 'return to quiz page' button to take you to back to the main quiz page.

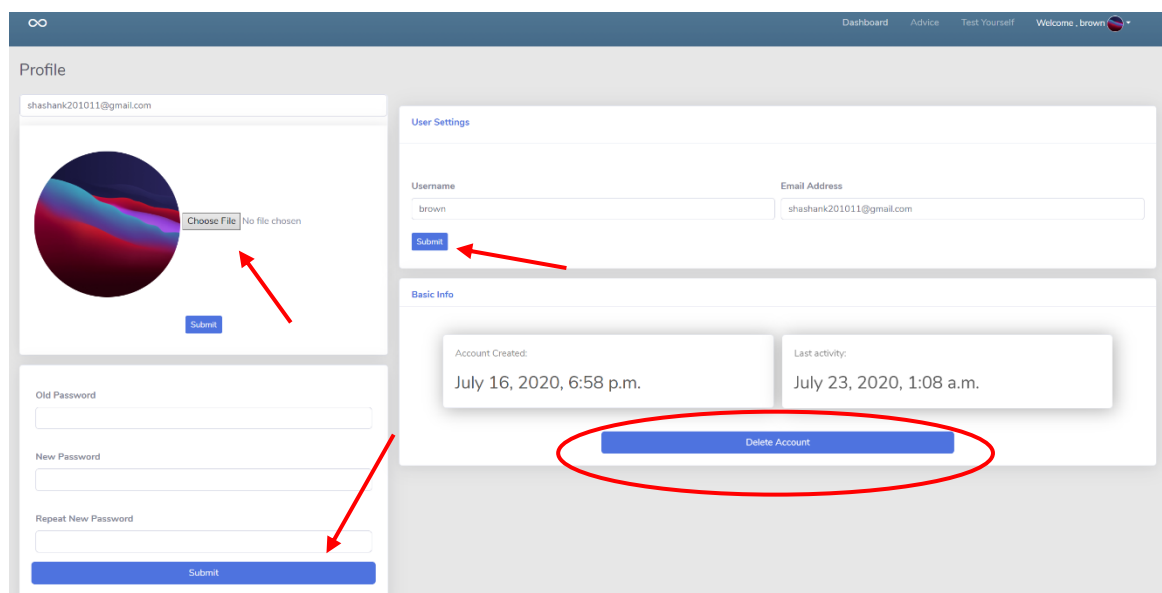

## Changing Users' details in profile page

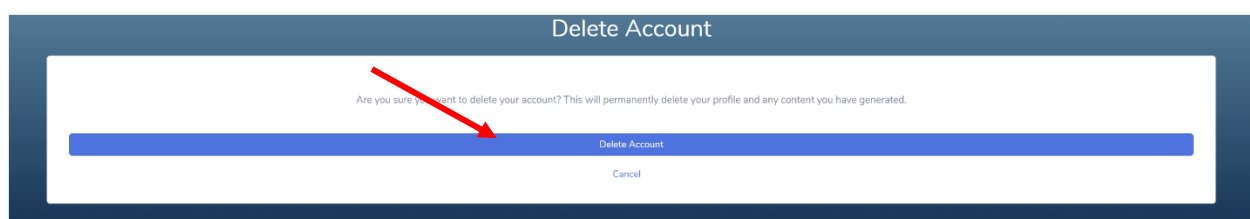

1. Once the user has signed in, navigate to the profile page from clicking the profile icon and then 'profile' from the dropdown menu, where a variety of the users detailed below.

2. From the profile, the user can change the password, emails, username, and profile picture indicated below. The user can change each of the details individually by pressing the submit button.

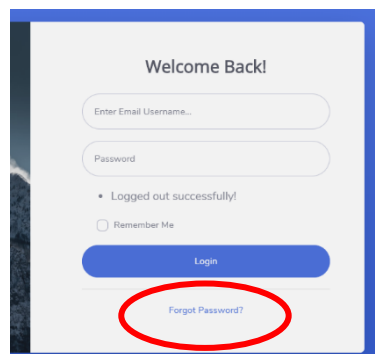

3. If the user decides to delete their account (indicated by a red circle above) it would u to a different page shown below, where u have the option to cancel from deleting the account or to go-ahead to proceed to delete the account.

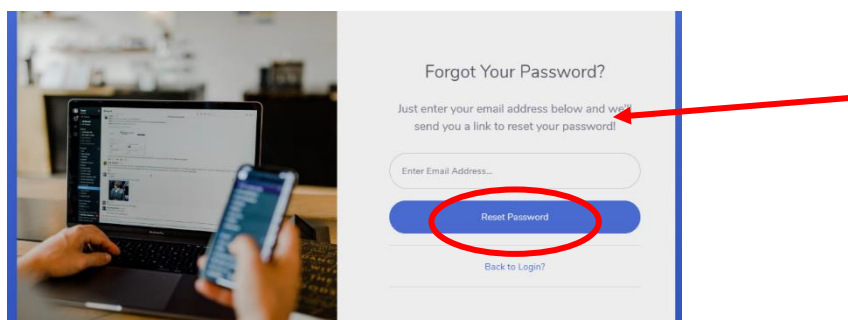

## Forgot password reset from the login

In case the user has forgotten their password and cannot log in, to get to the ability to change the password, first, you will be presented with the login page when starting the web application click on the 'forgot password' link which will take you to the forgot password page.

The image shows a login page titled "Welcome Back!". It features two input fields: "Enter Email Username..." and "Password". Below these fields, there is a message "Logged out successfully!" and a "Remember Me" checkbox. A blue "Login" button is positioned below the checkbox. At the bottom of the form, a blue link labeled "Forgot Password?" is circled in red.

Once you have been redirected to the page follow the remaining instructions to fully reset your password as part of the process having access to the user's email to reset the password.

The image shows a "Forgot Your Password?" page. It includes the heading "Forgot Your Password?" and the instruction "Just enter your email address below and we'll send you a link to reset your password!". Below this is an input field labeled "Enter Email Address...". A blue "Reset Password" button is circled in red, and a red arrow points to it from the right. At the bottom, there is a link labeled "Back to Login?". To the left of the form, a person is shown using a laptop and a smartphone.

## Mobile /desktop compatibility

For desktop view, everything is displayed on the navigation bar as they would be ease of use when selecting pages when resized to mobile views the navigation bar is collapsed shown below where the user can access the items in the navbar by pressing the 3 lines where the pages are listed down.
